

Week 5 Assessment:

1. Which four views are included in the “Four View Layout” in Onshape?
2. What is the difference between a Dimension and a Tolerance?
3. Name and describe the following Dimension/Tolerance types:

Type	Name	Description
$0.380^{+0.000}_{-0.005}$		
0.385 0.375		
<div style="border: 1px solid black; padding: 5px; display: inline-block;">0.380</div>		

4. What is the real-world implication of changing a standard dimension on an engineering print from “1.750” to “1.75”?

5. Do Onshape drawing views update automatically? Why or why not?
