

Week 1 Assessment:

1. What's the quickest way to learn more about each feature in the toolbar?
2. Briefly describe the four foundational features. Feel free to draw pictures if it helps:
3. What is the default geometry in a Part Studio?
4. What's the difference between a box select from Left-to-Right and a box select from Right-to-Left?
5. Can a document in Onshape have multiple Part Studios?
